INDEPENDENT AUDITOR'S REPORT

Board of Commissioners,
City of Manistee Housing Commission
Manistee, Michigan

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have audited the accompanying financial statements of the business-type activities of the City of Manistee Housing Commission, as of and for the year ended December 31, 2007, as listed in the table of contents. These financial statements are the responsibility of the City of Manistee Housing Commission's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of its business-type activities of the City of Manistee Housing Commission, as of December 31, 2007, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated May 7, 2008 on our consideration of the City of Manistee Housing Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting on compliance and the results of that testing, and not to provide opinions on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in conjunction with this report in considering the results of our audit.

The management discussion and analysis on pages 2 through 8 are not a required part of the basic financial statements but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Manistee Housing Commission's basic financial statements. The financial data schedules and supplemental data listed in the table of contents are presented for purposes of additional analysis as required by the Department of Housing and Urban Development and are not a required part of the basic financial statements of the City of Manistee Housing Commission. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Government and Non-Profit Organizations* and is not a required part of the basic financial statements of the City of Manistee Housing Commission. The financial data schedules and the schedule of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2007

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the Manistee Housing Commission offers the readers of the financial statements this narrative overview and analysis of the Authority's financial activities for the year ended December 31, 2007. This discussion and analysis is designed to assist the reader in focusing on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position, and identify individual fund issues or concerns. Readers should consider the information presented here in conjunction with the Authority's financial statements to obtain a full understanding of its financial position.

FINANCIAL HIGHLIGHTS

- The assets of the Authority exceeded its liabilities at the close of the current fiscal year by \$3,337,788 (net assets) as opposed to \$3,695,973 for the prior fiscal year.
- The Authority's cash and investments balance as of the close of the current fiscal year was \$361,759 representing a decrease of \$283,009 from the prior fiscal year.
- The Authority had total revenues of \$1,252,474 and total expenses of \$1,495,761 for the current fiscal year.
- The Authority expended \$250,404 in Capital Grant Funding for improvements to the Public Housing units. In addition, \$215,542 of operational funds were expended renovating and furnishing the Administrative Office.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the Authority report information using accounting methods similar to those used by private sector companies (Enterprise Fund).

The Statement of Net Assets (Balance Sheet) includes all of the Authority's assets and liabilities and provides information about the amounts and investments in assets and the obligations to Authority creditors. It also provides a basis of assessing the liquidity and financial flexibility of the Authority. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial health of the Authority is improving or deteriorating.

The current year's revenues, expenses, and changes in net assets are accounted for in the Statement of Revenues, Expenses and Net Assets. This statement measures the success of the Authority's operations over the past fiscal year.

The Statement of Cash Flows is to provide information about the Authority's cash receipts and disbursements during the reporting period. The statement reports net changes in cash resulting from operations.

FINANCIAL ANALYSIS OF THE AUTHORITY

The Statement of Net Assets and the Statement of Revenues, Expenses and Net Assets report information about the Authority's activities and are summarized in the following sections.

To begin our analysis, a summary of the Authority's Statement of Net Assets is presented in Table I.

As illustrated in the Combined Statement of Net Assets, the overall Net Assets of the Authority decreased by \$358,185. The "Invested in Capital Assets, Net of Related Debt" decreased by \$114,250 as a result of the loans on the DVG Grant program houses. Unrestricted Net Assets decreased by \$243,935 due mainly to the expenditure of over \$215,000 for renovating and furnishing the Administrative Office.

Current Assets decreased primarily due to the expenditure of operational funds for the office renovation mentioned above.

Non current Liabilities increased \$306,712 primarily as the result of the loans on the two DVG Grant houses.

REVENUES

In reviewing the Statement of Revenues, Expenses, and Net Assets, you will note that 52% of the Commission's revenues are derived from grants from the Department of Housing and Urban Development and Others. The Commission received revenue from tenants for dwelling rental charges, excess utilities, and miscellaneous charges of 41% of total revenue. Other Revenue including Interest from Investments comprised the remaining 7%. Compared to the Fiscal Year Ended December 31, 2006, revenues had an overall decrease of \$375,451 (23.06%) as the result of no large fraud recovery like last year that was partially offset by increased grant funding. Tenant revenue dropped due to local economic conditions.

CITY OF MANISTEE HOUSING COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2007

Tenant Revenue - Tenant Revenue decreased from \$563,467 to \$511,006, a decrease of 9.31%.

Program Grants/Subsidies – Grant revenue increased \$204,691 (45.17%) compared to the previous year. This was due mostly to increased Capital Grant funding.

EXPENSES

The Manistee Housing commission experienced an increase in expenses for the current year from \$1,357,614 to \$1,495,761 or \$138,147 (10.18%). The highlights of the expenses for the current year are as follows:

Administrative – Administrative costs include all non-maintenance and non-resident service personnel costs (including benefits and accrued leave), legal costs, auditing costs, travel and training costs, and other administrative costs such as supplies, telephone expense, etc. Compared to 2006, administrative costs increased by \$21,487 (5.06%), resulting primarily from increases in personnel costs.

Tenant Services – Tenant Services costs include all costs incurred by the Authority to provide social services to the residents. Compared to 2006, tenant services costs increased by \$46,135 (769.94%) due to funding for the Youth Build grant.

Utilities - The total utilities expense for the Authority increased by \$24,757 (16.03%) due to rate increases and a colder winter.

Maintenance – Maintenance costs are all costs incurred by the Authority to maintain the public housing units in a safe and sanitary manner. Costs include personnel costs, materials used to maintain the units, contracts for waste management and telephone/radio service, etc. The Maintenance Expense for the Authority increased by \$14,772 (3.78%) primarily due to higher contract costs.

General Expenses – General Expenses include insurance costs (property, auto, liability, workers' compensation, public officials' liability, etc.), collection losses, severance pay and interest expense. These expenses increased by \$19,012 (16.67%) due to costs in the new DVG Grant.

Depreciation – Because the costs of all capitalized additions are spread over the estimated useful life of an asset, the estimated current year costs of capitalized items is recorded as depreciation. Depreciation Expense for the current year increased by \$11,150 (4.20%) as a result of placing more Capital Fund assets into service.

CAPITAL ASSETS

At the end of fiscal year 2006 the Commission had invested in Capital Assets \$3,141,183 net of depreciation. As of December 31, 2007, the investment in Capital Assets had increased by \$211,750 to \$3,352,933. The following illustrates the Capital Asset values for 2006 and 2007.

LONG-TERM DEBT OBLIGATIONS

At the end of fiscal year 2007, the Commission owed the following:

\$326,000 on two (2) non-interest bearing, forgivable mortgages with the Michigan State Housing Development Authority. If the properties mortgaged are continuously used in the Domestic Violence program, the mortgages are forgivable over the 40 year term – 25% for each 10 years that the houses stay in the program.

ECONOMIC FACTORS AND EVENTS AFFECTING OPERATIONS

Certain economic factors may affect the financial position of the Commission in subsequent fiscal years. Several of these factors are listed below:

- ◊ For the first time in the history of the program, 2007 funding levels for the Public Housing Operating Subsidy Program were at an all time low of 83%. The 2008 federal budget is anticipating a potentially even lower appropriation level. Cuts of this magnitude will severely affect the basic operations of the commission. Not only will some big expense items have to be eliminated, but ultimately also those basic to providing safe and sanitary housing to the communities that we serve.
- ◊ Budget deficits and funding for the Departments of Defense and Homeland Security will probably result in reduced appropriations for domestic program spending which will place further pressure on day to day operations.
- ◊ At the close of FY 2007, the funding and collection of low rent public housing end of year utility adjustments has been halted, and will not restart as the result of changes in the Operating Fund subsidy program regulations.
- ◊ Health care and other insurance costs are expected to increase dramatically over the next several years.

CONCLUSION

Overall, the Manistee Housing Commission maintained a healthy net asset position, even after using significant funding to renovate the administrative office space. The management is committed to staying abreast of regulations and appropriations as well as maintaining an ongoing analysis of all budgets and expenses to ensure that the Authority continues to operate at the highest standards established by the Real Estate Assessment Center and the Department of Housing and Urban Development.

CITY OF MANISTEE HOUSING COMMISSION
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Manistee Housing Commission (the "Commission"), pertain to the financial activities of the Commission as a component unit of the City of Manistee, Michigan.

Organization and Reporting Entity

The Commission is a Public Housing Authority created by the City of Manistee on August 30, 1968, consisting of a five-member board appointed by the City of Manistee and charged with the responsibility to provide and service housing to meet the community's needs for affordable low-income housing. An executive director is appointed by the Commission's Board to manage the day-to-day operations of the Commission. The Commission operates under the provisions of the U.S. Housing Act of 1937 (the "Act"). The Act, as amended, empowers the Commission to perform planning, construction, financing, maintenance, and management of the public housing developments in the City of Manistee.

Grants and Other Intergovernmental Revenues

The Commission has entered into contracts with the U.S. Department of Housing and Urban Development ("HUD"). Under Contract C-3077, the Commission constructed, maintains, and operates 220 units of subsidized housing in the City of Manistee, Michigan.

Basis of Accounting

The financial statements of the Commission have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Commission's accounting policies are described below.

Pursuant to GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, the Commission follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements. Government activities, which normally are supported by intergovernmental (grant) revenues, are reported separately from any business-type activities, which would rely to a significant extent on fees and charges for support. All of the Commission's activities are considered business activities.

The Commission's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. The Commission uses Enterprise Funds to maintain its financial records on an accrual basis. Under the accrual basis of accounting, revenues are recorded when earned, regardless of when received, and expenses are recorded when incurred, regardless of when paid.

The Commission also considers all revenues and expenses to be operating, as required by HUD, except capital funding, which is considered nonoperating income, as required by HUD.

Fund Accounting

The Commission maintains its accounting records in accordance with the principles of fund accounting. Fund accounting is designed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in self-balancing groups of accounts and accounting entities that are separate from the activities reported in other funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Low-Rent Housing Program Fund - This fund is used to account for the components of the Low-Rent Housing Programs subsidized by HUD. A summary of each of these programs is provided below.

Conventional Public Housing Program - Under the Conventional Public Housing Program (CFDA #14.850), the Commission owns and manages dwelling units, which it rents to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC # C-3012) with HUD. HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a flat rate or a rate based upon 30% of household income, depending on the circumstances and choice of the renter. The Conventional Public Housing Program also includes the Capital Fund Program (CFDA # 14.872), which is the primary funding source for physical and management improvements to the Commission owned properties and its operations.

MSHDA Domestic Violence Program - Under the MSHDA Domestic Violence Program, the Commission administers the program to assist families in need of housing locate and end homelessness. The program is a 10 year plan that will allow families to have permanent housing. Tenants pay rent based on 30% of income through a HARP Voucher. The grant is a 40 year loan that a portion is forgiven every 10 years until the balance is gone.

Youth Build Activity Program - Under the Youth Build Activity Program (CDFA #14.243), the Commission administers the program and oversees the activities as the coordinator. The program is operated by the CASMAN Academy and has a separate board that oversees their activities.

Business Activities - Under Business Activities, the Commission administers the MSHDA Domestic Violence Program. It is through this fund that the management fees are charged to oversee the MSHDA Domestic Violence Program.

General Budget Policies

The Commission adopted budgets for all HUD-funded programs. The budget is controlled by fund at the function level.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash consists of cash on hand held by depository institutions and trustees in the Commission's name. For the purpose of the statement of cash flows, the Commission considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Restricted Cash

Restricted cash accounts represents amounts held for security deposits and other cash restricted for specific programs by HUD.

Tenant Accounts Receivable

Rents are due from tenants on the first day of each month. As a result, tenants accounts receivable balances primarily consist of rents past due and vacated tenants.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. Continued

Allowance for Doubtful Accounts

The allowance for doubtful accounts is the amount necessary, in management's judgement to adequately reflect the net realizable balance of the accounts receivable.

Tenant Security Deposits

Tenant security deposits represents amounts withheld from tenants of the low-income rental project.

Capital Assets

Capital assets are recorded at historical cost at the date of acquisition. Assets are depreciated using the straight-line method over the estimated useful lives as follows:

Buildings	40 Years
Improvements	15 Years
Equipment and Vehicles	5 Years
Furniture	5 Years

The Commission has established a capitalization threshold of \$300.

Construction in Progress

Construction in progress consists of capital projects in process primarily funded by the Capital Grant Program.

Compensated Absences

The Commission's employees are granted vacation and sick pay in varying amounts as services are provided. Employees may accumulate, subject to certain limitations, unused vacation and sick pay earned and upon retirement, termination or death, may be compensated for certain amounts at their current rate of pay. The amount of vacation and sick pay recognized as expense is the amount earned by the employees each year.

In the propriety fund, the compensated absences are expensed when earned with the amount reported as fund liability.

Net Assets

Net assets consist of investment in capital assets, restricted net assets, and unrestricted net assets. Restricted net assets include the accumulation of contributions in the form of cash or other assets which generally do not have to be returned to the contributor. These funds are restricted by HUD as to use and must be approved before expending. Unrestricted assets are designated for use for program expenditures in future periods.

Due From/To Other Programs

Interprogram receivables and payables as of December 31, 2007 on the Financial Data Schedule have been eliminated on the Statement of Net Assets.

Deferred Revenue

Deferred revenue consists of cash received from residents of the Low Rent Housing Program for rent in advance of their actual due date.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Property Taxes

The Commission is a participant in a tax abatement program providing for payments in lieu of property taxes ("PILOT"). The payments are computed at 9.75% of rental income less utilities expense.

Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond December 31, 2007, are recorded as prepaid expenses using the consumption method. A current asset for the amount is recorded at the time of the purchase and expense is reported in the year in which the services are consumed. Prepaid expenses consist primarily of prepaid insurance.

NOTE 2 - DEPOSITS AND INVESTMENTS

Deposits

The Commission's cash deposits are summarized below and were held by the Commission's bank in the Commission's name. The cash deposit was covered by a combination of federal depository insurance and securities held by the pledging financial institution trust department or agent in the Commission's name. The carrying amount of the Commission's deposits totaled \$361,760 as of December 31, 2007. The corresponding bank balances totaled \$383,825 the difference representing outstanding checks and other in-transit items. The carrying amount includes petty cash and cash on hand of \$500.

NOTE 7 - Retirement Plan

The Commission participates in multiple-employer public employee pension plan, under the Municipal Employees' Retirement System of Michigan ("MERS"). The pension covers all eligible full-time employees (age 60 with 10 years of credited service, age 55 with 15 years of credited service, and age 50 with 25 years of credited service) and requires a minimum contribution by the employees. The Commission's normal cost contribution was computed to be 4.03% of member payroll for the fiscal year beginning January 1, 2007. The excess of accrued liabilities over accrued assets was amortized over 30 years as a level percent of payroll. Valuation payroll for the Commission was \$254,191 and employee contributions were \$100,443 for the year ended December 31, 2007.

At December 31, 2007, the date of the last completed actuarial evaluation, the Commission's termination liability for retirement benefits was \$415,562 (employer and employee combined). Valuation assets available to meet this obligation were \$276,658. The Commission's estimated monthly contribution for the fiscal year beginning January 1, 2007 is \$854. There are seven active employees, one vested former member, and one retiree and/or beneficiary. There is an unfunded actuarial accrued liability balance of \$153,643 as of December 31, 2007. Statistical information concerning the plan can be obtained from MERS, which is contained in their annual actuarial valuation.

The Commission employees who retire under the pension plan will have the option of maintaining Blue Cross/Blue Shield for themselves and their dependents, the group premium for which will be paid 75% by the employer and 25% by the employee or spouse upon receipt of an invoice for the same. Employees not covered under the pension plan shall have the same option.

NOTE 8 - RISK MANAGEMENT

The Commission is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Commission has purchased commercial insurance for claims. Settled claims relating to the commercial insurance have not exceeded the insurance coverage in any of the past three fiscal years.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

Grants

The Commission received financial assistance from federal agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Commission. The amount, if any, of disbursements which may be disallowed by the grantor cannot be determined at this time, although the Commission expects such amounts, if any, to be immaterial.

Litigation and Claims

In the normal course of operations, the Commission may be subject to litigation and claims. At December 31, 2007, the Commission was involved in several such matters. While the outcome of the above matters cannot presently be determined, management believes that their ultimate resolution will not have a material effect on the financial statements.

NOTE 10 - PRIOR PERIOD ADJUSTMENTS

The Commission recorded an adjustment to correct capital assets, which was overstated as of December 31, 2007. The adjustment decreased the reported capital asset amount by \$117,210.

The Commission recorded an adjustment to correct net assets, which was understated as of December 31, 2007. The adjustment increased the reported net asset amount by \$2,312.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners,
City of Manistee Housing Commission
Manistee, Michigan

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have audited the financial statements of the business-type activities of the City of Manistee Housing Commission as of and for the year ended December 31, 2007, which collectively comprise City of Manistee Housing Commission's basic financial statements and have issued our report thereon dated May 7, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Manistee Housing Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Manistee Housing Commission's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Commission's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Commission's financial statements that is more than inconsequential will not be prevented or detected by the Commission's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Commission's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Manistee Housing Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we reported to management of the City of Manistee Housing Commission, in a separate letter dated May 7, 2008.

This report is intended solely for the information and use of the board of commissioners, management, and federal awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH *OMB CIRCULAR A-133*

Board of Commissioners,
City of Manistee Housing Commission
Manistee, Michigan

Regional Inspector General of Audit
Department of Housing and Urban
Development

Compliance

We have audited the compliance of City of Manistee Housing Commission with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2007. The City of Manistee Housing Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of City of Manistee Housing Commission's management. Our responsibility is to express an opinion on the City of Manistee Housing Commission's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Manistee Housing Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Manistee Housing Commission's compliance with those requirements.

In our opinion, the City of Manistee Housing Commission complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2007. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2007-01.

Internal Control over Compliance

The management of Manistee Housing Commission is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we consider Manistee Housing Commission's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Manistee Housing Commission's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for limited purposes described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the board of commissioners, management, and federal awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

2. FINDINGS RELATED TO FINANCIAL STATEMENTS
--

There are no findings or questioned costs for the year ended December 31, 2007.

3. FINDINGS RELATED TO FEDERAL AWARDS
--

Finding Reference Number	2007-01
--------------------------	---------

Program Name - CFDA# 14.243 - Opportunities for Youth - Youthbuild Program

Finding Type - Allowable Costs/Cost Principles

Criteria - The program requires that all disbursements have the required documentation readily available to support and document allowable expenses.

Condition - During our testing of expenses, we noted that the documentation provided for some of the disbursements did not support the expenses as being allowable by the program.

Questioned Costs - \$8,035

Effect - Some of the expenses charged to the program are not considered allowable by the program. The subrecipient should reimburse the Commission for all expenses that were determined to be not allowed by the program.

Cause - Those in charge of reimbursing the program were disbursing funds to the subrecipient without closely reviewing documentation for support that the expenses were allowable per the program and grant.

Recommendations - We recommend that the Commission enhance and strengthen its quality controls and procedures to ensure that required documentation supports allowable expenses per the program before reimbursing the funds.

Management's Response - After review and consideration by the Executive Director and the subrecipient board, a request from the Commission for reimbursement was submitted. Payment by the subrecipient was received in full by the Commission before the audit report was issued.

Action Plan - The Executive Director will review the program and determine which future expenses will be considered allowable and then reimbursed to the subrecipient.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners,
City of Manistee Housing Commission
Manistee, Michigan

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have performed the procedure described in the second paragraph of this report, which was agreed upon by the City of Manistee Housing Commission and U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC), solely to assist them in determining whether the electronic submission of certain information agrees with the related hard copy documents included within the OMB Circular A-133 reporting package. The City of Manistee Housing Commission is responsible for the accuracy and completeness of the electronic submission. This agreed-upon procedure was performed in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the "UFRS Rule Information" column with the corresponding printed documents listed in the "Hard Copy Documents" column. The results of the performance of our agreed-upon procedures indicated agreement of the electronically submitted information and hard copy as shown in the attached chart.

We were engaged to perform an audit in accordance with OMB Circular A-133, Audits of States, Local Government, and Nonprofit Organizations, of the financial statements of the City of Manistee Housing Commission as of the year ended December 31, 2007, and have issued our report thereon dated March 6, 2008. The information in the "Hard Copy Documents" column was included within the scope or was a by-product, of that audit. Further, our opinion on the fair presentation of the supplemental information dated May 7, 2008, was expressed in relation to the general purpose financial statements of the City of Manistee Housing Commission taken as a whole.

A copy of the reporting package required by OMB Circular A-133, which includes the auditors' report is available in its entirety from the City of Manistee Housing Commission. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, REAC.

This report is intended solely for the information and use of the City of Manistee Housing Commission and the U.S. Department of Housing and Urban Development, REAC, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON MANAGEMENT ADVISORY COMMENTS

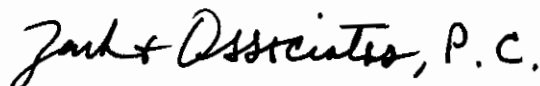

Board of Commissioners,
City of Manistee Housing Commission
Manistee, Michigan

We have audited the financial statements of the City of Manistee Housing Commission ("Commission") as of and for the year ended December 31, 2007, and have issued our report, thereon, dated May 7, 2008. We have also issued compliance reports and reports on internal control in accordance with *Government Auditing Standards*. These reports disclosed no material instances of noncompliance, weaknesses, and reportable conditions.

Other matters involving the Commission's operations and internal controls, which came to our attention during the audit, are reported on the following pages as management advisory comments.

We would like to take this opportunity to acknowledge the many courtesies extended to us by the Commission's personnel during the course of our work.

We shall be pleased to discuss any of the matters referred to in this letter. Should you desire assistance in implementing any of the following suggestions, we would welcome the opportunity of assisting you in these matters.

CITY OF MANISTEE HOUSING COMMISSION
MANAGEMENT ADVISORY COMMENTS
DECEMBER 31, 2007

Low Income Public Housing Tenants' Files

The Commission needs to review and develop a checklist or index to insure that the necessary documentation for each tenants' files is organized properly and easily identified in a consistent manner.

We recommend that the Commission maintain the necessary documents in an organized manner based on a checklist or index to establish consistency between tenants' files. This would make reviewing the files by others more efficient.

The Commission will begin to implement tenants' file documentation checklists and organization.

Employee Annual Performance Reviews

The Commission needs to review employees' performances at least once a year and document and file the reviews in employees' personnel files.

We recommend that the Commission perform annual performance reviews for each of their employees and maintain a copy of the review in the employees' personnel files.

The Commission will begin implementing employee performance reviews and documenting the reviews.
